

Job Description: Frontend Developer

We are looking for a creative Frontend Developer to build responsive and engaging user interfaces.

Key Responsibilities

- Develop responsive web interfaces using modern frontend frameworks.
- Collaborate with designers to translate UI/UX designs into code.
- Optimize applications for maximum speed and scalability.
- Ensure cross-browser compatibility and performance.

Required Skills

- Strong knowledge of HTML, CSS, and JavaScript.
- Experience with React, Angular, or Vue.
- Understanding of REST APIs.
- Familiarity with version control tools like Git.

Professional Experience

- 1–3 years of frontend development experience.
- Experience working on production web applications.
- Exposure to UI performance optimization.
